

**Young talent as a basic building block of sustainability at Polymeca**

Congratulations to the five apprentices Maximilian Funke, Amin Taama Rua, Ivan Marcinkovic, Kerem Uzdilli and Gianni Zoa on their successful final apprenticeship exam! Polymeca is proud of your achievements and warmly congratulates you on this important milestone in your professional career.

Your training has paid off and you have shown that you have acquired the skills and knowledge necessary to be successful in your respective careers. As an industrial mechanic, CNC grinder, CNC turner and measurement technician, you are now well prepared to advance your career in the industry.

Polymeca is proud to welcome you to our team and continue to support you. Your achievements during your apprenticeship were impressive and we look forward to working with you on future projects and supporting your professional development.
